POLICY DOCUMENT FOR DIVYANGS

Sri Shanmugha College of Nursing for Women is taking steps to address the needs of differently-abled students by ensuring basic infrastructure like washrooms, restrooms, lifts, and ramps are in place. However, it's important to ensure full compliance with the guidelines and laws pertaining to accessibility for persons with disabilities.

Here are a few points to consider based on the UGC guidelines and the Persons with Disabilities Act 1995:

1. **Comprehensive Accessibility**: Beyond basic infrastructure, ensure that all areas of the campus are accessible to persons with disabilities. This includes classrooms, laboratories, libraries, administrative offices, and recreational areas.
2. **Special Facilities**: Apart from ramps and lifts, consider additional measures such as tactile paving, auditory signals at traffic crossings, accessible signage, and designated parking spaces.
3. **Training and Sensitization**: Conduct regular training sessions for faculty, staff, and students to raise awareness about disability rights, etiquette, and best practices for inclusive education.
4. **Accessibility Audits**: Conduct periodic accessibility audits to identify areas needing improvement and to ensure ongoing compliance with accessibility standards.
5. **Support Services**: Provide support services such as scribes, readers, interpreters, and assistive technology to facilitate equal participation in academic and extracurricular activities.
6. **Collaboration with Disability Organizations**: Foster partnerships with local disability organizations to better understand the needs of differently-abled individuals and to implement effective solutions.
7. **Feedback Mechanism**: Establish a feedback mechanism where students with disabilities can provide input on the accessibility of campus facilities and services.

By continuing to prioritize accessibility and inclusivity, your college can create a more welcoming environment where all students, including those with disabilities, can thrive academically and socially.
